

The logo for the Energy Trail Tour 2026 is an oval shape. The top half is brown with the words "Energy Trail Tour" in white, serif font. The bottom half is black with the year "2026" in a large, stylized, orange script font. A blue wavy line separates the two halves.

Energy Trail Tour 2026

A large aerial photograph of an industrial facility, likely a power plant or refinery, with several tall smokestacks, large storage tanks, and complex piping systems. The facility is situated in a flat, open area with some greenery in the background.

Harrison County Rural Electric Cooperative and Northwest Iowa Power Cooperative invite you to join us for one of three Energy Trail Tours being offered this summer. This 3-day adventure will allow you to experience, first-

hand, how your power providers convert energy from water, wind, and coal into electricity. View coal being mined and see how those mines are then returned to productive farm and native grass lands. Enjoy interactive walking tours through a hydroelectric and coal-fired energy generation facility and other stops along the way. Meet other cooperative member-owners while traveling together across the Dakotas on-board a motor-coach bound for the North Dakota's Energy Loop. \$100 per couple covers your lodging, meals and entry fees. The remainder of your tour costs are covered by Harrison County Electric Cooperative. Six lucky couples from Harrison County REC will be selected at random from those who sign up.

☒ YES, please enter our names in the drawing for the trip. We understand that if our names are drawn, we will be billed \$100.

Our first and second choice of dates:

June 24-26 1st 2nd 3rd (please circle)

July 8-10 1st 2nd 3rd

July 15-27 1st 2nd 3rd

I/we ☐ have ☐ have not participated in this tour in the past.
